**INFORMATION DISCLOSURE STATEMENT
UNDER 37 CFR §1.97 and §1.98**

Pursuant to the duty of disclosure under 37 C.F.R. §§1.56, 1.97 and 1.98, Applicants submit this Information Disclosure Statement including an attached form PTO-1449.

This Information Disclosure Statement has been filed more than three months after the filing date of this application, but before the mailing date of the first Office Action on the merits; therefore, **no fee is required**.

The Applicants hereby make of record in the above-identified application the information listed on the attached form PTO-1449 (modified). As provided for by 37 CFR 1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information. The order of presentation of the references should not be construed as an indication of the importance of the references.

This application claims priority under 35USC §120 from and is a continuation of US Application 09/699,852 filed October 30, 2000, now US Patent 6,741,344, which is a continuation of US Application Serial No. 08/823,824 filed on March 25, 1997, now US Patent 6,141,096, which is a continuation of US Application Serial No. 08/195,889, filed on February 10, 1994, now U.S. Patent 5,631,734. Except for US Patent 6,741,344; 6,591,196; 6,207,960; and 6,140,044, all documents cited in the attached form PTO-1449 were previously submitted in the above-mentioned priority applications; **therefore submission of copies of the cited documents is not required.**

This application was filed after June 30, 2003. As published in the Official Gazette on August 5, 2003, the US PTO "waives the requirement under 37 CFR 1.98 (a)(2)(i) for submitting a copy of each cited U.S. patent and each U.S. patent application publication for all U.S. national patent applications filed after June 30, 2003." Therefore, copies of the cited US Patents 6,741,344; 6,591,196; 6,207,960 and 6,140,044 **do not need to be submitted herewith.**

It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

Applicant believes that no fee is required for submission of this Statement. However, if a fee is required, the Commissioner is authorized to deduct such fee from the Deposit Account No. 01-0431.

Respectfully submitted,
